

Gleeson Arizona – Justice of the Peace – Court Docket 1909 – 1913 List of Names

So many visitors to Gleeson (and the GleesonArizona.com website) are seeking information about relatives and ancestors whom they know to have lived there. These names have been extracted from the court records to assist these genealogists in finding some mention of their relatives. As a PDF file, it can be printed out or searched to assist in this effort. Spelling errors are not always mine. Multiple spellings (and mis-spellings) of names are common throughout these court records. Since they were hand-written by the Judge (Sydney Ridgeway), some are very hard to make out. If you find any corrections, please let me know so that I can correct them here on this document. --Glenn
